

Hello!

Thank you for getting involved with Passion for Learning's Keeping in Touch campaign. This is a guide to what we'd love to receive from you, so we can share what you've written and created with the children who we're supporting during the current school closures.

You might like to write a short letter, like the example below:

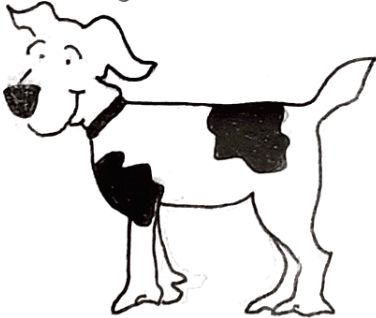

My House

Hello friend,

My name is Viv and I live near Chester. I've got two boys called Joe and Ben who are 12 years old and 8 years old. Joe loves playing Fortnite and Ben loves Minecraft, they both play football and miss being part of their football team right now. I miss seeing my work team at the moment while my office is closed.

How about you? Are you missing being at school or do you like being at home? I like going for walks and out on my bike. Have you been doing anything active at home? I wish we had a swimming pool, that would be really cool.

I've been doodling more recently, here's a new little character I like to draw

I'd love to hear back from you. Could you write me a letter or draw me a picture? If you bring something into your school, they will send it back to me.

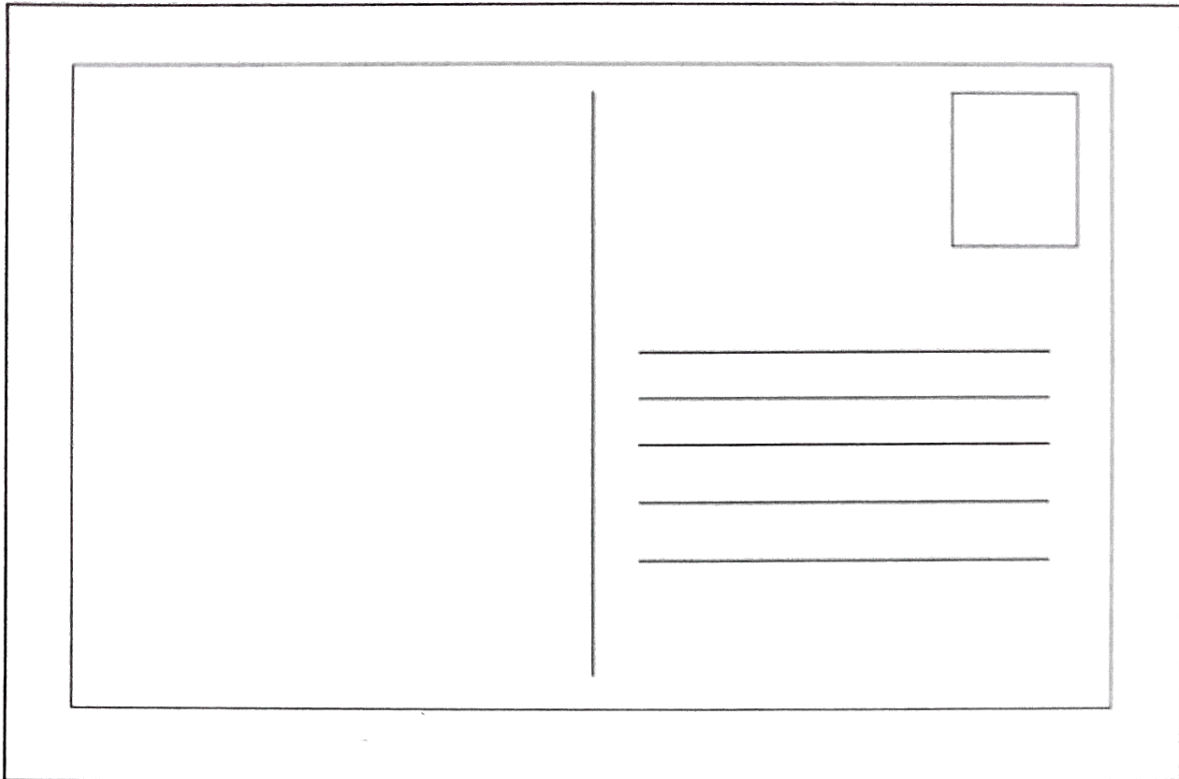

Take care and I hope to hear from you soon,

Here's some reminders if you do write a letter:

- Don't give your actual address or include your contact details like your email address or phone number. Just write your house/flat/at home at the top
- Feel free to include as much information as you like about your life at home or your job, where you work
- Just sign it with your first name not your surname too

If you don't want to write a letter, perhaps you could write a postcard? You could address the postcard to A Friend, via their Primary School. Here's a template you might like to use:

On the front of the postcard you could draw something or paste a picture you like from the internet?

Or maybe you would like to create a cartoon strip or a cartoon character, for the children to write a story about?

When you're done, can you scan and email your letter, card or cartoon to

viv.couche@passion-for-learning.com

If you have any questions about what to do, you can email me at the address above or call me on 07976 552309.

Thanks so much for getting involved with this challenge and we look forward to hearing from you,

Diane and all the team at Passion for Learning xx
